

# *Blessing of Justice*

*May you come to understand true justice as it flows  
from  
the Creator of All.*

*May you come to be blessed with the understanding  
that justice is  
not anger, rage or wrath.  
Justice is not vengeance.*

*Justice is a balance to a situation that has caused an  
unbalance.*

*Justice comes after when trust, mercy, peace, truth, and  
forgiveness have been applied then justice can restore  
the balance.*

*Justice is something higher than our understanding  
but is as sure as the one that give it, the Creator of All.*

*Justice heals old wounds, bring peace and  
understanding.*

*And justice when it is finished leave all involved feeling  
at rest.*

*Finally justice is synergistic in its flow,  
so may you be blessed with true justice  
in all that happens along the path you walk.*
