

The Blessing of Mercy

*May you come to understand that all can be worthy of
mercy.*

*Mercy is not for them. It is for us, and with the blessing of
mercy comes true everlasting peace.*

*So may you be blessed with the wisdom and understanding
of mercy.*

*Mercy is not a feeling or something we give because we feel
it needs to be given.*

*Mercy is something that is wrapped and packaged from the
Creator of Alls hand*

*Once understood it become a second heart beat and a rule to
live thereby.*

*May you learn to love mercy
and as your life becomes full of mercy may you find the
contentment and joy unspeakable it brings.*

*So I bless you with mercy for yourself and the deeds you
have done.*

*and I bless you with mercy for all others as a gift to give
back.*

*May you always remember that the Creator of all created
the chalice of mercy,
for when you feel you can not accept mercy or give mercy,
just ask the Creator of All for it to be given*

*Finally be blessed with a complete wisdom filled mercy,
a synergistic mercy, so you can live as you came to live.*
