*Before you buy have a spiritual and energetic home inspection done.*

The purpose of the restoration is to bring all to peace and tranquility. It allows the people who own and inhabit the space now, to enjoy its benefits without geographical, spiritual, or energetic, interferences, from the past history of the property and its buildings.

*A full written report is given to you at time of completion.*

*Tell me about your home so I can give you a quote for the clearing and blessing.*

## Blessing

I speak a final cleansing from the sky to the deep places underground; that this place now be seen as a place of blessing and hope.

I now seal this property and all its buildings with the seal of Light and Love from the One True God.

I speak joy and laughter, health and wellness, and prosperity to the owners and inhabitants of this property.

So be it, so be it, so be it. As it is written let it be done In the name of the Uncreated One, the One True God.
