As we travel this road together to understand the servant's heart of Yeshua and the deep call to the Ministry of the Servant, we will examine and expand 21 aspects that make up this ministry. As each opens to us, we will travel deeper into the servant's heart space of Yeshua .

## 4th Aspect: Extend

---

In this aspect – Extend we will begin to see the plan for the interwoven ministry between ourselves and Yeshua. As we study, Extend, we will find an extra resource to help us carry out the task that Yeshua gives us within the ministry we have chosen, the Ministry of the Servant. This resource will help us move into the overcoming space and allow us to be a servant's vessels in areas that would challenge us to the point of breaking without this aspect- Extend. With this aspect, Extend Yeshua's energy flows into us and Yeshua's heart flows through us as we are surprised by how far we can reach, because of this resource coming from this aspect- Extend giving us the ability to do the extraordinary inside the ministry we have chosen, the ministry of the Servant.
