

Principles from Patmos

The text of Revelation states that John was on Patmos, a Greek island where, according to most biblical historians, he was exiled as a result of anti-Christian persecution under the Roman emperor Domitian. Revelations 1:9 I John, who also am your brother, and companion in tribulation, and in the kingdom and patience of Jesus Christ, was in the isle that is called Patmos, for the word of God, and for the testimony of Jesus Christ.

It is from this event in history that these stories have been written. The completed work will have 21 Jotting and an interpretation from each contributor.

Eric Unwin: Eric Unwin was born in 1965 in Englehart, Ontario to lumberjack parents, being the youngest of three children. Eric's mother suffered a severe stroke shortly after he was born and although he himself was born with a number of developmental challenges and was faced with many times in life where he wanted to give up, Eric kept on.

Eric's grandmother was very influential in bringing him up in the 'old ways', helping him to understand life's energy and the ways of people. To understand Eric, you require to know that he was born at the exact right time and place and to exactly the right family. Eric was faced with situations which taught him how to shape, move and change energy. It was through the desolation and challenges in this life that gave him many great opportunities to learn from an amazing array of teachers. As he says, we continually learn from all those around us.

Although Eric uses stories as one of the many tools of learning, growing and healing language in particular has been very cumbersome for him, to say the least. The stories and lessons contained within are some of the antidotes of his life's journey.

Eric's current endeavor is facilitating the CENTRE for THE MYSTERY. Eric is now an Encourager, assisting people to understand the life purpose that they have come to fulfil and to understand the true nature of the true beings they are.

Guy Patching: Guy was introduced to the 'Mystic Mutterings' of Eric Unwin by a mutual friend Martine in 2011. Part of the 'mystic Mutterings' have been *John's Jottings on Patmos*, seen in a vision by Eric. Guy's contribution is his bug photographs.

Christal Barnum: Christal spent the early part of her adulthood in banking and other corporate adventures, all gifting her the socializing skills required to help her bring four children to their adult years. These young adults are now on their own pathway, each moving forward to become an interconnected part of society.

Now known as The Mystic Crayon Lady - the SPIRIT Drawer who draws these amazing pictures, allowing THE HOLY SPIRIT to move with each client she draws for, allowing them to see their non-beneficial soul patterns which require to heal. Christal learns from FATHER'S OWN HAND sitting on her hand, creating these amazing pictures and symbols or words.

A new journey started in 2012 with a lesson entitled, 'The truth about the 7 Breaths of GOD'. The completion of a nine-day study called, 'Shine Your Way' led to the next learning entitled, 'The Illusionary Trap' and she was hooked. She had a desire to re-member the Creator of All Things and to see herself through GOD's eyes. All that the Peculiar Monk was willing to share from his Temple Journey became open to a few students at The Centre for the Mystery.

Patmos

These writings come from a place of long ago, written by one who had been in the inner circle. A disciple of YESHUA CHRIST, these were this disciple's personal commentary scrawled on to the wall where this disciple lived, till when is unknown. Yet the words are powerful and still carry the energy of one that was there in that amazing time in our history.

When and where did these writings come into my sight? The when is hazy, around my 26th year. The where is Patmos, Greece, while touring the place where this disciple was kept. Seeing the writing on the wall, my mind took a snap shot of them all and with TRINITY'S help, my wish is to share them with you.

Many may say this place has been lost, destroyed. This may be so, yet all one can say, as Paul said is, "In the body, out of body". In the spirit or in the flesh, that is unknown, yet these things are known by me, seen by me and from these we wish to share.

The way of sharing is by this community of amazing people around me giving you the writing, then the insight, pictures, poems, stories and commentary that flow from the writings from the wall in that cell of that disciple.

Bells of life are ringing, each one on its own.

Yet, without the other it just clangs on alone.

Must ring in proper places and then the song of life is sung.

The bells of life are ringing yet, one too loud or one too soft.

The song of life is lost so each bell must ring only as it can.

And then you see we all will be singing

Life's songs we're meant to be singing.

The Jottings and each individual interpretation

*The purpose of this collection of jottings is to bring you into a closer relationship. After each **Jotting of John** each contributor has given their interpretation of the writing. Each expressing their own style and method.*

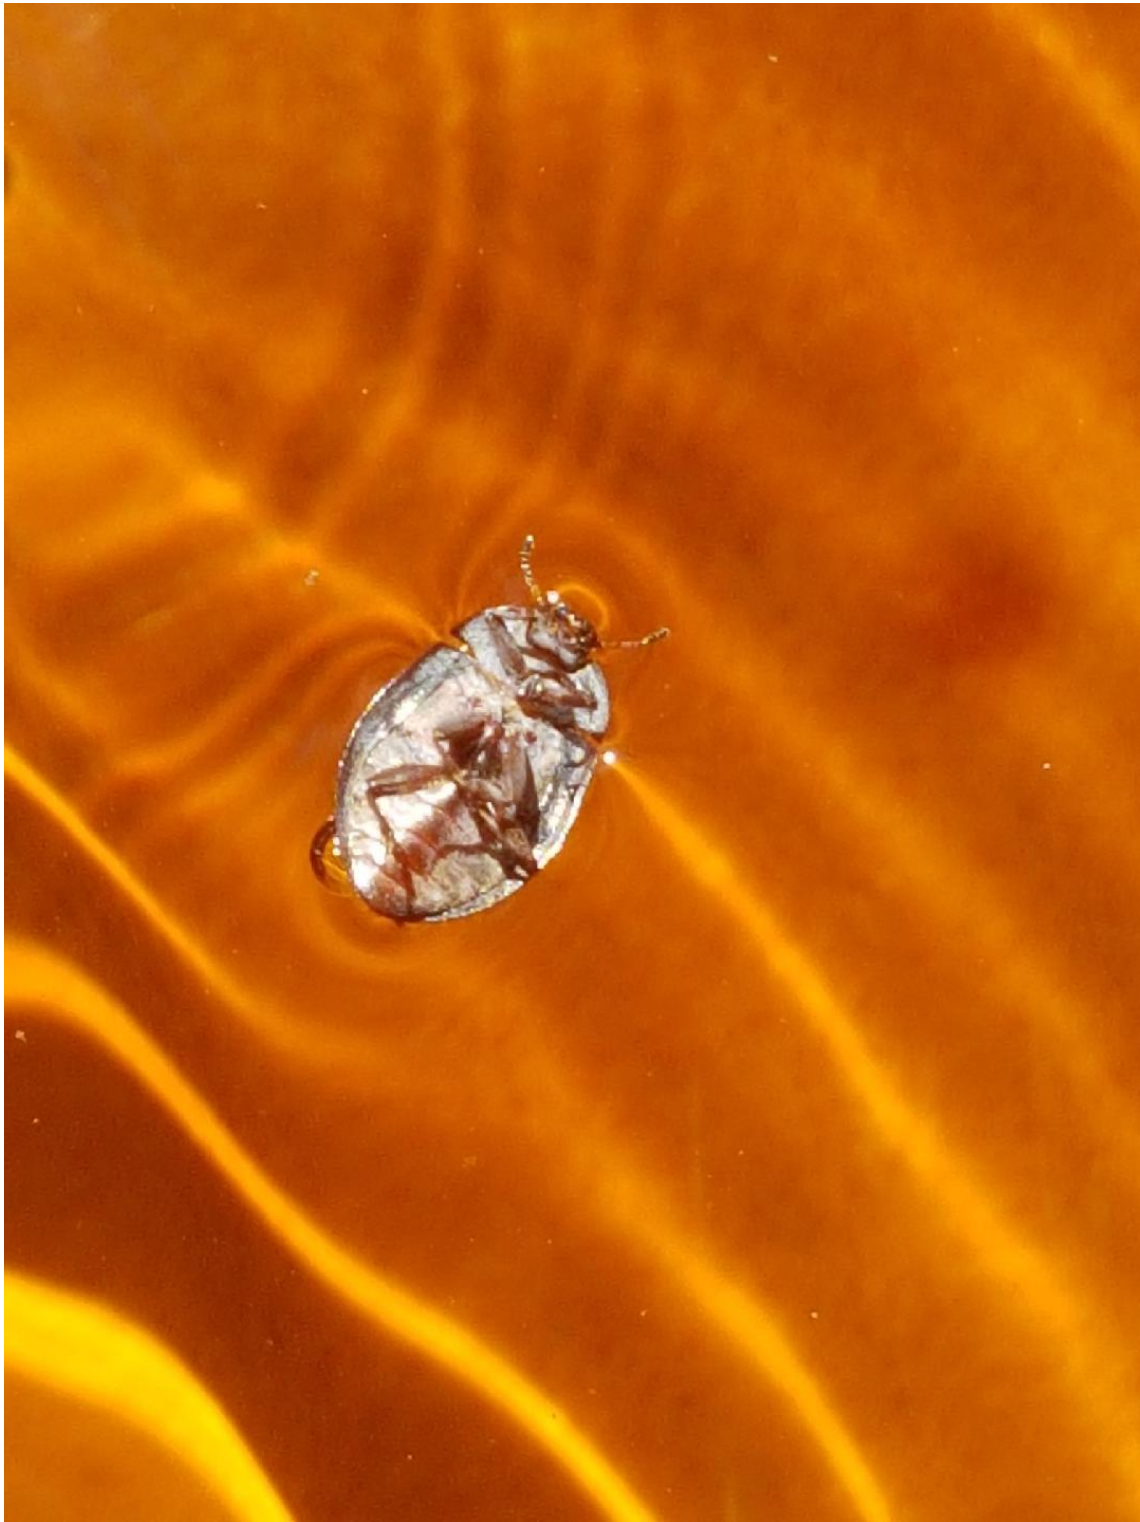

Jotting #1

We are all interconnected creating ripples that help or harm all others. Will you be the creator of a beneficial ripple that helps others become and be or will you do the harm of without completing the ripple you are destined to cause?

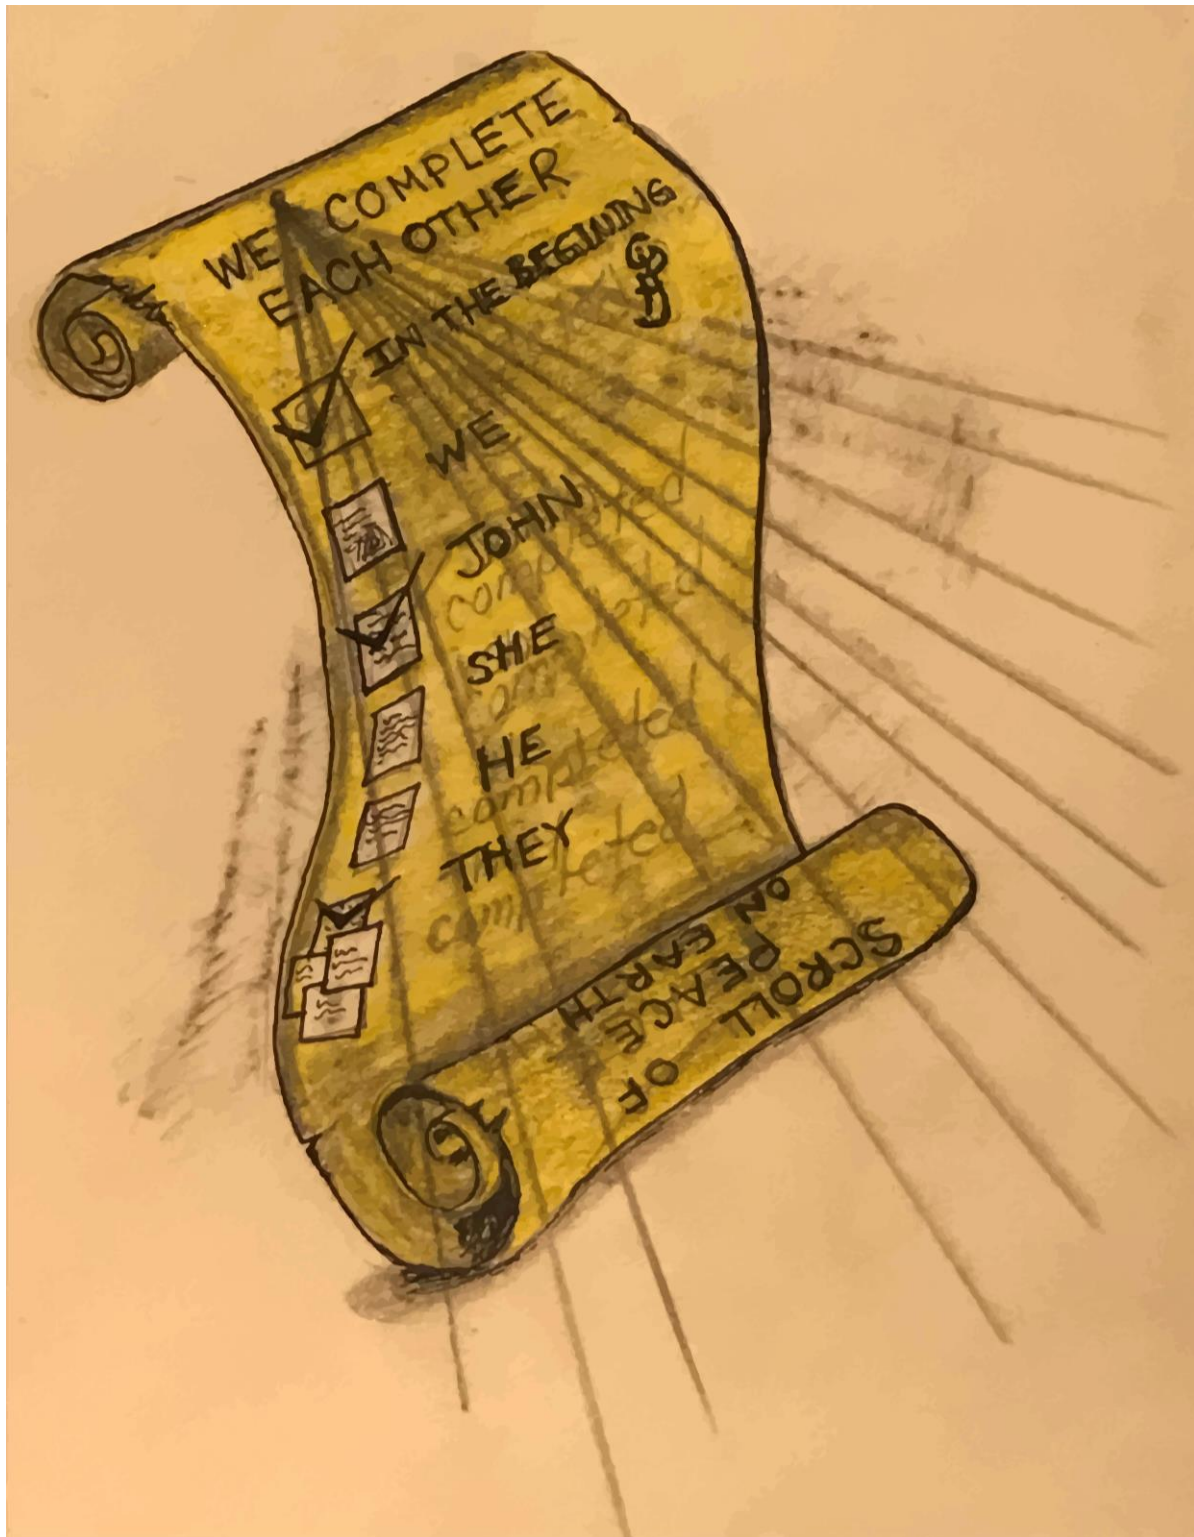

Eric's Interpretation:

Our call and our place are to be a single body interwoven by the common thread, YESHUA. This is the truth for all, yet those that have found salvation and stand in the LIGHT feel this thread. Those yet to find their place in salvation may say this thread does not exist, yet all are still affecting each other, all are still creating and reacting to the ripples caused by others and themselves. This means every one of us on this Earth are affected by a ripple, even if that ripple came from a thousand years ago.

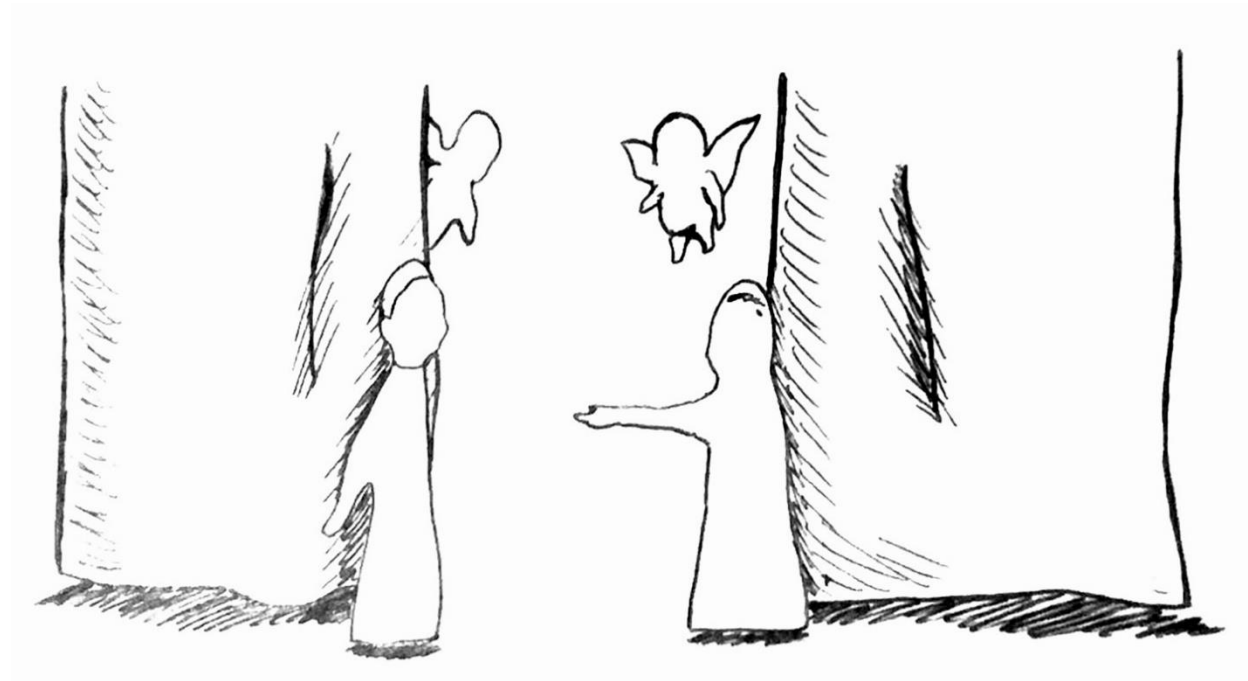

Guy's Interpretation:

Christal's Interpretation:

Luke's Interpretation:

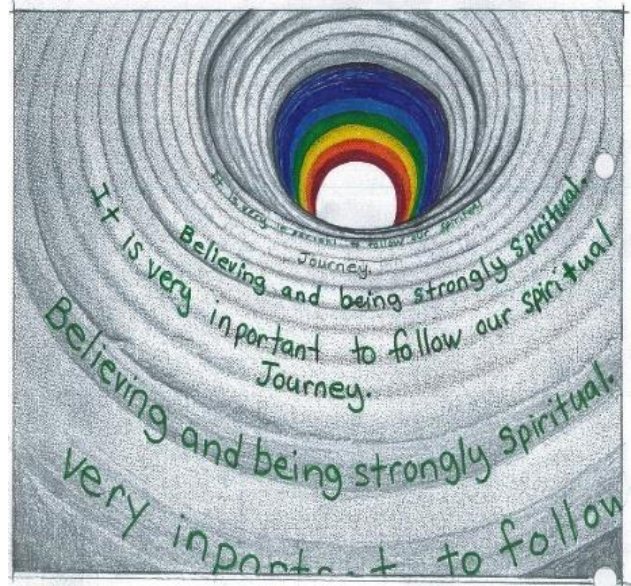

*Small steps in the beginning. And then soon a bigger step, and then a hop, a skip,
and a jump into a life coloured by a promise to be who you said you'd be.*

*Do not let your hearts be worried, for the Master Christ is the way. His yoke and burden release you. Set
your life upon Him, and He will set your life up for you.*

Bob's Interpretation:

Rose Lynn Interpretation:

In this time of trouble and turmoil that is
coming to us, we require to have a guide
who can show us the way through this?
valley of fire and brimstone, a guide
who has endured all that we are
called on to travel through.
All paths lead home.
